**AGENDA ITEM #7**

November 5, 1999

To: Delta Protection Commission
From: Lori Clamurro, Delta Protection Commission Staff
Subject: Legislative Update

The first year of the current legislative session ended on September 10, 1999. All bills passed by the Senate and Assembly went on to the Governor, who either signed them into law or vetoed them by October 12, 1999. The Legislature will reconvene for the second year of this session on January 3, 2000, at which time the two-year bills from this first year of the session, as well as new bills, may be considered.

Attached to this memo is additional information about the Parks Bond (AB 18) and the Water Bond (AB 1584), both slated for the March 2000 ballot. The full text of these bills is available on the Internet at www.sen.ca.gov, or you can request the information from Commission staff.

WATER**AB 303: Thomson: GROUNDWATER**

Existing law declares that groundwater should be managed to ensure its safe production and its quality, and authorizes specified local agencies to adopt and implement groundwater management plans. This bill would declare that additional study of groundwater resources is necessary to better understand how to effectively manage groundwater to ensure the safe production, quality, and proper storage of groundwater in the State. The bill would also require continuous appropriations into the Local Groundwater Management Assistance Fund created by the bill. The Department of Water Resources would use these appropriations to assist local agencies by awarding them grants to carry out groundwater monitoring and management activities; grants would be awarded based on the recommendations of a Technical Advisory Panel, appointed by the Secretary of the Resources Agency. *This is a two-year bill.*

STATUS: In Senate Committee on Appropriations

AB 516: Wayne: PUBLIC WATER SYSTEMS

This bill would enact a framework, under which the California Safe Drinking Water Bond Act of 2000, which would authorize bonds in the amount of \$100 million for the purposes of financing a safe drinking water program, would be submitted to voters at the March 7, 2000 primary election. *This is a two-year bill.*

STATUS: In Senate Committee on Agriculture and Water Resources

AB 564: Machado: THE SAFE, CLEAN, RELIABLE WATER SUPPLY AND FLOOD PROTECTION ACT

Under existing law, bond acts have been approved by the voters to provide funds for water projects, facilities, and programs. This bill would enact the Safe Drinking Water, Clean Water, Watershed Protection, and Flood Protection Act which would authorize the issuance of bonds in the amount of \$1.8 billion.

STATUS: This bill and corresponding SB 530 (Costa) became AB 1584, co-sponsored by Assemblymember Machado and Senator Costa. *It will not be included in future update memos.*

AB 703: Lempert: BALLAST WATER DISCHARGES

This bill would require the State Water Resources Control Board (Board), and, if appropriate, the Regional Water Quality Control Boards, to carry out a ballast water discharge management program in consultation with the Department of Fish and Game, the State Lands Commission, and the U.S. Coast Guard. On and after April 1, 2000, the master of any vessel would be required to submit to the Board a fully completed ballast water report form, upon entering the State's waters. On and after September 1, 2000, any discharge of ballast water into the waters of the State (or waters impacting the waters of the State) would be prohibited, unless the discharger has complied with statewide general waste discharge requirements prescribed by the Board. Additionally, the

Board would be required to prepare and distribute to the public and Legislature a biennial report relating to ballast water discharges, including alternatives for treating and managing ballast water to eliminate the discharge of exotic organisms into the State's waters.

STATUS: Chaptered by Secretary of State, 10/10/99 (Chapter 849, Statutes of 1999)

AB 732: Machado: WATER-TRANSFER CLEARINGHOUSE

This bill would require the California Water Commission to appoint a task force, with prescribed membership, to review third-party impacts of water transfers and to investigate the establishment of a water-transfer clearinghouse. The task force would be required to report to the Legislature and the Governor on or before December 1, 2000. *This is a two-year bill.*

STATUS: In Assembly Committee on Water, Parks, & Wildlife

AB 786: Machado: SAN JOAQUIN RIVER AGREEMENT

Under existing law, various public and private agencies have entered into a "San Joaquin River Agreement" (SJRA) relating to the management of the San Joaquin River. This bill states that it is the intent of the Legislature to implement the Vernalis Adaptive Management Plan simultaneously with a comprehensive program to improve water quality and supply in the South Delta region and increase dissolved oxygen concentration in the lower San Joaquin River. *This is a two-year bill.*

STATUS: In Senate Committee on Rules

AB 980: Ducheny: CONJUNCTIVE USE PROGRAMS

This bill would authorize the Department of Water Resources to provide grants to local public agencies for the purposes of undertaking feasibility studies, conjunctive use facilities, local pilot projects, and other facilities that are integral to the implementation of a conjunctive use plan or project, and for the acquisition of land for conjunctive use projects. *This is a two-year bill.*

STATUS: In Senate Committee on Agriculture & Water Resources

AB 1239: Leonard: SAFE DRINKING WATER, CLEAN WATER, FLOOD PREVENTION, AND WATER SUPPLY ACT

This bill would enact the Safe Drinking Water, Clean Water, Flood Prevention, and Water Supply Act, which would authorize the issuance of bonds in the amount of \$2.05 billion for purposes of financing a safe drinking water, flood protection, water quality, and water supply program. *This is a two-year bill.*

STATUS: In Assembly Committee on Environmental Safety & Toxic Materials

AB 1581: Lowenthal: WATER: LOCAL PORT AND HARBOR AGENCIES; FEDERAL NAVIGATION PROJECTS

This bill would appropriate \$12 million from the General Fund to the Director of Boating and Waterways for allocation for the 1999-2000 fiscal year to specified local port and harbor agencies for the purpose of meeting local cost share requirements for federal navigation projects. The language specifies that \$953,000 would be given to the Port of Sacramento, and \$147,000 would be given to the Port of Stockton. *This is a two-year bill.*

STATUS: In Senate Committee on Appropriations

AB 1584: Assemblymember Machado and Senator Costa: SAFE DRINKING WATER, CLEAN WATER, WATERSHED PROTECTION, AND FLOOD PROTECTION ACT

This bill would authorize the issuance of bonds in the amount of \$1.97 billion, for purposes of financing a safe drinking water, water quality, flood protection, and water supply reliability program. This bond measure will be submitted to the voters at the March 7, 2000 primary election.

STATUS: Chaptered by Secretary of State, 9/22/99 (Chapter 461, Statutes of 1999)

SB 530: Costa: THE SAFE, CLEAN, RELIABLE WATER SUPPLY AND FLOOD PROTECTION ACT

This bill is the same as AB 564.

STATUS: This bill and corresponding AB 564 (Machado) became AB 1584, co-sponsored by Senator Costa and Assemblymember Machado. *It will not be included in future update memos.*

SB 632: Kelley: RECYCLED WATER

Existing law regulates the use of recycled water. This bill would appropriate \$1.5 million from the General Fund for the State Water Resources Control Board (SWRCB) to conduct a study to assess sources of salinity on surface and groundwater quality and water recycling, and submit the study to the Legislature by January 1, 2001. This bill would also appropriate \$6 million from the General Fund for the SWRCB to award grants to public agencies, universities, and charitable nonprofit organizations, for the purpose of conducting, or assisting in the financing of, prescribed water recycling studies, investigations, and research and development. *This is a two-year bill.*

STATUS: On Assembly Committee on Appropriations Suspense File.

ENVIRONMENT

AB 956: Cunneen: RECOVERY STRATEGY FOR NONLISTED SPECIES

This bill would authorize the Fish and Game Commission to identify a species not listed as candidate, threatened, or endangered, based on a recommendation from the Department of Fish and Game (DFG); DFG would then be required to complete, and the Fish and Game Commission to consider approval of, a recovery strategy for that species.

STATUS: Vetoed by Governor, 9/28/99

AB 1074: Aanestad: WILDLIFE MANAGEMENT AREAS: CONSERVATION EASEMENTS

This bill would provide that, when real property or an interest in real property is acquired by the transfer of a conservation easement to the State, for purposes relating to wildlife conservation or habitat preservation, the Department of Fish and Game shall annually pay to the county in which the easement is located an amount equal to any property taxes levied upon the easement at the time the title is transferred to the State. The Department would also be required to pay its pro rata share of assessments levied upon the property by any irrigation, drainage, or reclamation district. *This is a two-year bill.*

STATUS: In Assembly Committee on Appropriations

ACR 1: Thomson: VIC FAZIO YOLO WILDLIFE AREA

This Assembly Concurrence Resolution would request the Department of Fish and Game to change the name of the Yolo Bypass Wildlife Area to the Vic Fazio Yolo Wildlife Area.

STATUS: Chaptered by Secretary of State, 5/12/99 (Chapter 26, Statutes of 1999)

SB 117: Murray: TRANSPORTATION FACILITIES: ENVIRONMENTAL ENHANCEMENT AND MITIGATION PROGRAM FUND

Existing law states that it is the intent of the Legislature, commencing July 1, 1991, to allocate \$10 million annually for ten years to the Environmental Enhancement and Mitigation Demonstration Program Fund, under which local, state, and federal agencies and nonprofit entities may apply for and receive grants for mitigation projects related to the environmental impact of modifying existing constructing new transportation facilities. This bill would delete the ten-year limitation and specify that \$10 million would be appropriated to the fund annually. **STATUS:** Chaptered by Secretary of State, 10/10/99 (Chapter 739, Statutes of 1999)

SB 1057: Johannessen: ENVIRONMENTAL QUALITY: LAND ACQUISITIONS

The California Environmental Quality Act (CEQA) exempts certain classes of projects that have been determined not to have a significant effect on the environment from preparation of an EIR. This bill would prohibit the categorical exemption of a project that includes the acquisition of land for the purpose of fish and wildlife conservation or habitat establishment, preservation, restoration, or enhancement. *This is a two-year bill.*

STATUS: In Senate Committee on Environmental Quality

AGRICULTURE

AB 47: Cardoza: WILLIAMSON ACT: CANCELLATION FEES

Under the California Land Conservation Act of 1965, or the Williamson Act, a contract may be canceled upon the petition of the landowner and under specified conditions, for the payment of a cancellation fee to the Controller. Certain revenues are deposited into the Soil Conservation Fund, to be used for the support of specified agricultural programs. This bill would require that the funds paid to the Controller in connection with a Williamson Act contract cancellation that are not used to support the programs specified under existing law shall be deposited into the State's Agricultural Land Stewardship Program.

STATUS: Vetoed by Governor, 10/10/99.

AB 1229: Committee on Agriculture: AGRICULTURAL LAND CONSERVATION: DISTRICTS

This bill would authorize a district, including, but not limited to, an open space or other special district, to hold an agricultural conservation easement for the purpose of facilitating the implementation of the Agricultural Land Stewardship Program.

STATUS: Chaptered by Secretary of State, 9/27/99 (Chapter 503, Statutes of 1999)

AB 1480: Committee on Agriculture: WILLIAMSON ACT: AGRICULTURAL CONSERVATION EASEMENT

Under the Williamson Act, a city or county may enter into an agreement with a landowner to rescind a Williamson Act contract in order to simultaneously place other land under an agricultural conservation easement if the legislative body of the city or county finds that the proposed easement is consistent with specified criteria. This bill would instead require the legislative body to make the finding that the easement is consistent with specified eligibility criteria and one or more selection criteria.

STATUS: Vetoed by Governor, 10/10/99.

AB 1505: Ducheny: FARMWORKER HOUSING

This bill would authorize a landowner to set aside a portion, not exceeding five acres, of land under Williamson Act contract to be transferred to a nonprofit organization, municipal corporation, city and/or county, or the State, and used for agricultural laborer housing for at least 30 years. The landowner and organization would be exempt from payment of any deferred taxes and cancellation fees on that land.

STATUS: Chaptered by Secretary of State, 10/10/99 (Chapter 967, Statutes of 1999)

SB 229: McPherson: INCOME AND BANK CORPORATION TAXES: IRRIGATION

This bill would provide a credit, between January 1, 1999 and January 1, 2004, in an amount equal to 15% of cost by the taxpayer, for the purchase and installation of qualified water application or distribution equipment that is used in a business for the production of farm income and is installed on agricultural land that is owned or leased by the taxpayer at the time of installation. Qualified water application or distribution equipment means equipment that provides conservation or savings of at least 10% in comparison to the water used on the land in the prior taxable year. *This is a two-year bill.*

STATUS: Senate Committee on Revenue & Taxation

RECREATION

AB 18: Villaraigosa, Keeley: SAFE NEIGHBORHOOD PARKS, CLEAN WATER, CLEAN AIR, AND COASTAL PROTECTION BOND ACT

This bill would authorize the issuance of bonds in the amount of \$2.1 billion for the purpose of financing a program for the acquisition and improvement of State and urban parks, clean water protection, and coastal beaches and scenic areas. This bond measure would be submitted to the voters at the March 7, 2000 primary election.

STATUS: Chaptered by Secretary of State, 9/22/99 (Chapter 461, Statutes of 1999)

AB 1287: Davis: OPERATION OF VESSELS: BOATING SAFETY COURSES

Existing law prohibits a person from operating a motorboat, sailboat, or vessel which is less than 26 feet in length, unless every person age six or younger is wearing a Coast Guard-approved personal flotation device, is restrained, or is in an enclosed cabin. This bill would make these requirements applicable to every person age eleven or younger.

STATUS: Vetoed by Governor, 10/10/99

SB 2: Chesbro: PARKS AND RESOURCES IMPROVEMENT: BOND ACT

This bill would enact the Watershed, Wildlife, and Parks Improvement Bond Act of 2000, which would authorize the issuance of bonds in the amount of \$854.5 million to finance a program for the acquisition, development, improvement, rehabilitation, restoration, enhancement, and protection of park, recreational, cultural, historical, fish and wildlife, lake, riparian, reservoir, river, and coastal resources. *This is a two-year bill.*

STATUS: On Assembly Committee on Appropriations Suspense File

SB 57: Hayden: PARKS, NATURAL RESOURCES, AND CLEAN COASTAL WATERS: BOND ACT

This bill would enact the Parks, Natural Resources, and Clean Coastal Waters Bond Act of 2000, which would authorize the issuance of bonds in the amount of \$2.21 billion for the maintenance, expansion, development, or rehabilitation of parks and wildlife, for the protection, restoration, or enhancement of natural resource sites, or for science and environmental education centers, museums, and other facilities. *This is a two-year bill.*

STATUS: On Assembly Floor

SB 74: Murray: URBAN PARKS, ENVIRONMENTAL CLEANUP, AND YOUTH SERVICE ACT

This bill would establish the Murray-Hayden Urban Parks, Environmental Cleanup, and Youth Service Act, which would provide funding for various projects and programs to develop parks, recreation, and youth service centers, and establish youth service projects.

STATUS: Funding for the program described in this bill was included as part of AB 18, which was chaptered in September 1999. *It will not be included in future update memos.*

SB 387: Karnette: BOATING SAFETY AND EDUCATION

This bill would require the biennial report of the Department of Boating and Waterways to include the status of the Department's activities related to the enhancement and expansion of boating safety and education. The Department would also be required to provide in its biennial report a summary of boating safety activities undertaken by counties receiving financial aid from the Department.

STATUS: Chaptered by Secretary of State, 10/10/99 (Chapter 687, Statutes of 1999)

LAND USE

AB 950: Wiggins: LOCAL AGENCY FORMATION COMMISSIONS: AGRICULTURAL LAND

This bill would require a LAFCO to consider the policy that the development or use of land in open-space use for other than open-space uses is to be guided away from open-space lands of statewide significance and prime commercial rangeland. *This is a two-year bill.*

STATUS: In Senate Committee on Local Government

SB 153: Haynes: PRIVATE PROPERTY RIGHTS: TAKING IMPACT ANALYSIS

This bill would enact the Property Owner Rights Act of 1999, which would require public agencies to minimize the number of agency actions that may significantly impair the use of private property. *This is a two-year bill.*

STATUS: In Senate Committee on Judiciary

SB 649: Costa: OPEN-SPACE SUBVENTIONS: FARMLAND SECURITY ZONE CONTRACTS

Existing law requires the Controller to pay subventions to local governments at specified rates per acre to replace property tax revenues lost through the reductions in assessments of property restricted to open-space use. This bill would include within those provisions certain land for which a notice of nonrenewal of a use restriction has been served, if the land was previously assessed at a specified rate applicable to land subject to a farmland security zone contract.

STATUS: Chaptered by Secretary of State, 10/10/99 (Chapter 1019, Statutes of 1999)

SB 680: O'Connell: LAND AND WATER CONSERVATION

This bill would enact the California Land and Water Conservation Act of 1999. The Secretary of the Resources Agency would implement a program under which qualified property may be contributed to the state, any local government, or any nonprofit organization designated by a local government, in order to provide for the protection of wildlife habitat, open space, and agricultural lands. The donor would receive a tax credit for 55% of the fair market value of the property. *This is a two-year bill.*

STATUS: In Assembly Committee on Appropriations

FLOOD/DISASTER RELIEF

AB 113: Florez: DISASTERS

This bill would enact the Agricultural Economic Disaster Act of 1999, providing the Governor with emergency powers to allocate funds to certain agriculture-related enterprises in connection with natural disasters. This bill would create the Agricultural Natural Disaster Assistance Fund as a special fund in the State Treasury, into which would be paid annual appropriations by the Legislature for the assistance of organizations that have incurred expenses in responding to a natural disaster or state of emergency affecting the agricultural industry. Finally, this bill would establish, until January 1, 2005, an Agricultural Disaster Emergency Response Operations Account within the Reserve for Economic Uncertainties, which would be continuously appropriated by the Director of Finance to state agencies for disaster response and operation costs as a result of an agriculture-related state of emergency proclamation of the Governor. *This is a two-year bill.*

STATUS: In Assembly Committee on Consumer Protection, Government Efficiency, & Economic Development

AB 793: Maddox: FLOOD CONTROL

This bill would appropriate \$132 million from the General Fund to the Department of Water Resources for allocation to eligible local entities to pay for the State's share of flood control and flood prevention projects.

STATUS: Funding for the program mentioned in the bill was included in the annual Budget Act passed in June 1999. *It will not be included in future update memos.*

AB 1122: Machado: LOCAL DISASTER PREPAREDNESS TRUST FUND

This bill would establish the Local Disaster Preparedness Trust Fund in the State Treasury. The Controller would allocate funds to eligible local agencies, for purposes relating to disaster preparedness and response, according to work plans meeting specified criteria. It is the intent of the Legislature that \$10 million be appropriated every year for five years for these purposes. *This is a two-year bill.*

STATUS: In Assembly Committee on Appropriations

AB 1521: Machado: DELTA FLOOD CONTROL, LEVEE MAINTENANCE, AND RECREATIONAL PROGRAMS

Existing law requires the Department of Water Resources (DWR) to implement a program for the maintenance and improvement of levees in the Delta which are not project facilities. This bill would appropriate \$50 million from the General Fund to DWR, of which \$25 million would be used for that program of flood control projects and \$25 million would be used for local assistance. The bill would also appropriate \$2 million to the Department of Parks and Recreation (DPR) for a Delta recreational program.

STATUS: Funding for the program mentioned in the bill was included in the annual Budget Act passed in June 1999. *It will not be included in future update memos.*

STATE AGENCIES

AB 187: Hertzberg: GRANT INFORMATION ACT OF 1999

This bill would establish the Grant Information Act of 1999 to require state agencies to make available on their websites, on or before July 1, 2000, or within 6 months of the establishment of the website, a listing of all grants administered by that agency, as well as instructions on filing grant applications electronically and/or by mail.

STATUS: Chaptered by Secretary of State, 9/16/99 (Chapter 405, Statutes of 1999)

AB 909: Machado: CALIFORNIA BAY-DELTA COMMISSION

This bill would create the California Bay-Delta Commission for the purpose of carrying out the proposed CALFED environmental restoration of the San Francisco Bay and Delta. *This is a two-year bill.*

STATUS: In Assembly Committee on Water, Parks, & Wildlife

SB 750: Johnston: DELTA PROTECTION ACT

Under the Delta Protection Act, "local government" is defined as the Counties of Contra Costa, Sacramento, San Joaquin, Solano, and Yolo, and the Cities of Sacramento, Stockton, Pittsburg, Isleton, Lathrop, Brentwood, Rio Vista, and West Sacramento. This bill would revise the definition to also include the City of Oakley and any other cities that may be incorporated in the primary zone in the future.

STATUS: Chaptered by Secretary of State, 9/16/99 (Chapter 422, Statutes of 1999)

SB 1114: Hayden: FISH AND WILDLIFE

This bill would change the name of the Department of Fish and Game and the Fish and Game Commission to the Department of Fish and Wildlife and the Fish and Wildlife Commission, respectively. The mission of the Commission and the Department would be to conserve, protect, enhance, and maintain healthy, sustainable, and viable wildlife resources for varying purposes. This bill would require the Department to divide the State into 11 bioregions and to submit a report to the Commission and the Legislature that describes the resources being managed in each bioregion. The Governor would be required to appoint members who represent specified interests on the Fish and Wildlife Commission. *This is a two-year bill.*

STATUS: In Assembly Committee on Water, Parks, and Wildlife

AB 18: \$2.1 Billion Safe Neighborhood Parks, Clean Water, Clean Air, and Coastal Protection Bond Act of 2000 (Villaraigosa-Keeley Act)

This is a partial list of the appropriations included within this bond act, which would come before California voters for approval on March 7, 2000. The items listed here are of direct relevance to the Delta and Delta counties; other appropriations in the bond act are relevant to other geographic regions of California, and have been omitted from this memo.

Department of Parks and Recreation	\$544,750,000
• State Parks Projects	\$502,750,000
• Natural & Cultural Resource Stewardship Projects	\$ 18,000,000
• Volunteer Facility Projects	\$ 4,000,000
• State Park facilities Administered by Local Agencies	\$ 20,000,000
Wildlife Conservation Board	\$265,500,000
• Natural Community Conservation Partnerships (NCCP)	\$100,000,000
• Wetlands	\$ 10,000,000
• Riparian and Watershed Lands	\$ 10,000,000
• Threatened and Endangered Species	\$ 45,000,000
• Ancient Redwoods and Oak Woodlands	\$ 13,000,000
• Salton Sea	\$ 5,000,000
• Wildlife Conservation Partnership Projects	\$ 82,500,000
Grants to Local Agencies (parks, trails, and recreation facilities)	\$811,500,000
• Per capita grants to cities, counties, and park districts	\$388,000,000
• Roberti-Z'berg-Harris Urban Open Space Grant Program	\$200,000,000
• Park acquisition for low income and at-risk youth (Murray-Hayden)	\$100,000,000
• Playground safety projects	\$ 7,000,000
• California Heritage Fund (competitive grants)	\$ 10,000,000
• Urban creeks restoration and lake access	\$ 10,000,000
• Non-motorized trail projects	\$ 10,000,000
• Zoos, museums, aquariums, and wildlife education	\$ 71,500,000
• Regional youth soccer facilities	\$ 15,000,000
Department of Fish and Game	\$ 12,000,000
• Waterfowl habitat projects	\$ 5,000,000
• Wildlife area improvement projects	\$ 5,000,000
• Non-native vegetation removal	\$ 2,000,000
California Conservation Corps	\$ 15,000,000
• Grants for local Conservation Corps	\$ 12,500,000
• State Conservation Corps	\$ 2,500,000
Agricultural Land Conservation Projects (Dept. of Conservation)	\$ 25,000,000
San Joaquin River Conservancy	\$ 15,000,000

AB 1584: \$1.97 Billion Safe Drinking Water, Clean Water, Watershed Protection, and Flood Protection Act of 1999 (co-sponsored by Assemblymember Machado and Senator Costa)

This is a partial list of the appropriations included within this bond act, which would come before California voters for approval on March 7, 2000. The items listed here are of direct relevance to the Delta and Delta counties; other appropriations in the bond act are relevant to other geographic regions of California, and have been omitted from this memo.

Safe Drinking Water Program \$ 70,000,000

- Loans and grants from Department of Health Services to water suppliers for the purposes of undertaking infrastructure improvements and related actions to meet safe drinking water standards

Flood Protection Program \$195,000,000

- Floodplain Mapping Program \$ 2,500,000
 - mapping of newly identified floodplains, updating outdated floodplain maps
- Agriculture and Open Space Mapping Program \$ 2,500,000
 - accelerating production of Important Farmland Maps, developing integrated mapping incorporating flood information and other land and natural resource data
- Floodplain Protection Corridor Program \$ 70,000,000
 - flood control projects: acquisition, restoration, enhancement, and protection of real property; levee setbacks; easements; grants to local agencies and non-profits
- Delta Levee Rehabilitation Program \$ 30,000,000
 - \$15,000,000 for local assistance under the Delta Levee Maintenance Subventions Program
 - \$15,000,000 for special flood protection projects on Bethel, Bradford, Holland, Hotchkiss, Jersey, Sherman, Twitchell, and Webb Islands, and at other Delta locations
- Flood Control Subventions Program \$ 45,000,000
 - appropriation to Department of Water Resources to pay the State's share of the nonfederal costs of flood control and flood prevention projects (Contra Costa County and others)
- Urban Streams Restoration Program \$ 25,000,000
 - grants to local agencies and nonprofit organizations for flood control projects and local stream clearance and cleanup
- Capital Area Flood Protection Program \$ 20,000,000
 - appropriation to Sacramento Area Flood Control Agency to pay the State's share of flood management projects

Watershed Protection Program \$193,000,000

- Assistance in implementation of local watershed plans \$ 90,000,000
- Water and Watershed Education Program \$ 8,000,000
 - \$2,000,000 for the development of a Delta Science Center
 - \$3,000,000 for a Watershed Science Laboratory (UC Davis) for long-term monitoring and research for the North Delta area and its tributary watersheds
- River Protection Program \$ 95,000,000
 - \$10,000,000 to the San Joaquin River Parkway Conservancy

<u>Clean Water and Water Recycling Program</u>	<u>\$265,000,000</u>
• Nonpoint Source Pollution Control Program	\$100,000,000
--grants to local public agencies and nonprofit organizations to prepare and implement local nonpoint source plans	
• Clean Water Program	\$100,000,000
--construction and implementation of eligible treatment projects; \$35,000,000 of this amount is to be used for grants to aid in the construction of treatment works for the cities of Manteca, Stockton, Tracy, and Orange Cove	
• Water Recycling Program	\$ 40,000,000
--design and construction of water recycling projects	
• Seawater Intrusion Control	\$ 25,000,000
--loans to local agencies for seawater intrusion control projects	
 <u>Water Conservation Program</u>	 <u>\$125,000,000</u>
• Agricultural Water Conservation Program	\$ 35,000,000
--loans to local agencies for the acquisition and construction of agricultural water conservation projects	
• Groundwater Recharge Facilities Program	\$ 30,000,000
--loans and grants to local agencies for the acquisition and construction of groundwater recharge facilities	
• Infrastructure Rehabilitation Program	\$ 60,000,000
--grants to local agencies for funding infrastructure rehabilitation projects	
 <u>Water Supply Reliability and Infrastructure Program</u>	 <u>\$630,000,000</u>
• Groundwater Storage Program	\$200,000,000
--grants for feasibility studies, project design, or construction of conjunctive use pilot projects	
• Bay-Delta Multipurpose Water Management Program	\$250,000,000
--\$17,000,000 for treatment facilities or relocation of discharge facilities for agricultural drainage generated within the Delta	
--\$40,000,000 for facilities to control waste discharges contributing to low dissolved oxygen and other water quality programs in the lower San Joaquin River and South Delta	
--\$120,000,000 for fish facilities for the SWP and CVP intakes in the South Delta (including fish screens, fish handling, fish passage, or modifications to structures)	
--\$40,000,000 for a permanent barrier at the head of Old River	
--\$17,000,000 for facilities to control drainage from abandoned mines that affect Delta water quality	
--\$16,000,000 for a permanent barrier at Grant Line Canal	
• Interim Water Supply and Water Quality Infrastructure and Management	\$180,000,000
--grants of loans to local agencies in Delta export service areas for programs or projects to increase water supplies, enhance supply reliability, or improve water quality
